TO THE WEST! TO THE WEST!

Before making your arrangements to follow the advice of the "thousands who have already gone," it would be well to consider what has been done to make the journey to your "Homes in the West" as pleasant and free from danger as human skill and foresight can accomplish.

By consolidation and construction, a road has been put into operation on the shortest possible line from Nashville, Tenn., to St. Louis, "the future great City of the world." This line, the

ST. LOUIS & SOUTHEASTERN RAILWAY,

has, during the past year, earned an enviable reputation by its smooth track, prompt time, sure connections, and the magnificence of its passenger equipment. Its trains are made up of new and commodious day cars, provided with the celebrated Miller coupler and platform, and the Westinghouse air brake.

It is possitively the only line running Pullman Palace Drawing-Room Sleeping Cars through without change from Nashville to St. Louis. No other line pretends to offer such advantages, either in distance, time, or equipment. Why, then, journey by circuitous routes? Do not be induced to purchase tickets to St. Louis or the West by any other line, remember that

The "St. Louis & Southeastern"

is the shortest, cheapest, quickest, best and only line under one management from Nashville to St. Louis, and is from 60 to 200 miles the shortest to St. Louis, Kansas City, Omaha, Denver, California, Texas, and all western points. It is also the "Chicago Shortest Line," via Evansville.

You can secure the cheapest rates for yourselves and your movables on application, in person or by letter, to CHARLES McCABE, Southern Passenger Agent, near College street Depot, Nashville, Tenn., or to the undersigned.

WHEREAS, The people of North Carolina have been abundantly blessed during the past year, and the earth hath yielded bounteously of all the products of its soil so that the garners of the husbandman are filled to overflowing; and the industrious mechanic has realized a rich reward for his labor, and every class of our population prospered in all laudable enterprises; and WHEREAS, above all, fraternal feelings and good will have in a great measure been restored in our midst, and no plague, pestilence or famine, has visited our State: Now, therefore, as it becomes us, a grateful people, to render thanks to Almighty God for these and numberless other blessings showered upon us in His great mercy, I, Tod R. The Evening Post.

WILMINGTON, N. C.

Wednesday, November 19th, 1873.

The subject of Water Works is one that has attracted public attention in this city for years. Their importance as a preventative of disease, for sanitary purposes, and as a protection from conflagrations, is so perfectly understood and appreciated that it is almost superfluous to consume time in the advocacy of the system. Every man at all conversant with the convenience and benefits of a good supply of water to be had by the turning of a hydrant, feels its necessity as does the man who has become accustomed to the luxury of gas light; and, in fact, to our mind, of the two comforts we should choose the former as the most convenient and healthful. The question then of the importance of a system of Water Works is hardly debateable. Their necessity is admitted by almost every one, and the only question now before us, is how to obtain them.

It is well known that a movement is on foot to supply the city with water, and a proposition has been submitted to the Board of Aldermen by the new company, which is substantially that they will put up one hundred city hydrants in various parts of the city, for the use of the public, including fire engines, street sprinkling, etc., upon the condition that the city pays $7,500 a year for their use. This is at the rate of $75 each per annum. The Company, as we understand it, agrees to pay $1500 of this money in taxation, which makes the public works cost the city $60 per hydrant, or $6,000 per annum. The Company also agrees incidentally to erect buildings and go into the manufacture of wooden gas and water pipes for use in the Southern cities, thereby opening a new and important branch of industry among us. It is claimed that insurance will be much less, and that losses by fire will be much lighter, and to this latter statement we heartily add our endorsement. Fully one-half of the buildings burned down in this city in the past five years, could have been saved, had the engines been able to obtain water in time. From this rent asked by the Company should be deducted the cost and expenses of the reservoirs in the various parts of the city, which, though of but little use, have to be kept in repair and filled. When this trial balance is made we do not consider that the request made by the Company will appear so very extravagant.

Our city pays a large annual rental to the gas company for its street lamps and public buildings, but no one objects to it. The gas stock commands a higher price than any other investment in the market, because of its large dividends, but we hear no complaints. Had the city refused to light the streets and public buildings, when the question of gas was agitated, we have no doubt but it would have been without gas works for a long time. But the necessity was realized and the city came forward and did its part. So now with the proposed Water Works. If they are put in operation, it will be an absolute necessity to have hydrants at convenient places where water can be procured at a moments notice for the purpose of extinguishing fires. Why cannot the contract be entered into then? We are aware that the city is impoverished and that many improvements are demanded; we know that a petition of property-holders is being circulated adverse to the proposed arrangement and also fully aware of the unpopularity of advocating any measure whereby taxation will be increased, but it does seem to us that the benefits to grow out of the proposed arrangements will more than compensate for the expense. The loss at one ordinary fire would exceed the city's expense for a year, and the difference in insurance rates would lessen the tax burden. Let our City Fathers examine the matter in all its bearings and do what is best for all concerned, and we will be content, but we want no hasty decision or frightening at trifles.

The postmaster-general of Madras, India, has a very mean estimation of linguistic talent. He advertises for a clerk who can read, write and speak English, Hindustan, Arabic, Bohra, Gazerati and Mahratti, and all for fourteen dollars a month. But the paragraph shows that if he is mean, he has learned one good thing, "how to advertise."

A Western paper, describing an accident, says: "Dr. Crawford was called, and, under his prompt and skillful treatment, the young man died on Wednesday night."

LEGISLATURE OF NORTH CAROLINA.

[Condensed from the Raleigh News.]

FIRST DAY'S PROCEEDINGS.

SENATE.

MONDAY, Nov. 17th.

At 12 o'clock, Lieut. Gov. Brogden called the Senate to order, the following members responding to their names:—Messrs. Avera, Cramer, Cunningham, Davis, Dunham, Ellis of Catawba, Ellis of Columbus, Flemming, Gudger, Harris, Hill, Holloman, Humphrey, King, Long, Love, Pinson, McCabe, McCauley, McCotter, Merrimon, Morehead of Guilford, Morehead of Rockingham, Murray, Nicholson, Price, Scott, Todd, Walker, Welch and Worth—30.

The President, in opening the Senate, said he congratulated the body upon its re-assembling, and expressed the hope that the labors of the present session would be conducive to the general good and the best interests of the State. After a general dissertation upon local and general governments, he referred to the present financial embarrassment existing throughout the State, and the question of the State debt and the effort now being made to hamper the Treasurer of the State, and hoped that such action would be taken to give some relief to our people, relieve the Treasury of its present condition, and at the same time protect the honor of the State.

A message was received from the House notifying the Senate that the House was organized and ready for business.

Mr. Welch moved that a message be sent the House requesting the appointment of a joint committee to notify the Governor that the two Houses were ready to receive any message he might have to communicate. Adopted.

Messrs. Welch and King were appointed as the Senate branch of said Committee.

Mr. Welch, from the committee to wait upon the Governor, reported that the Governor would send in his message to the General Assembly to-morrow at 12 o'clock.

Mr. Flemming moved that the House be requested to concur in a resolution that a joint committee be appointed to consider the suit now pending against the Treasurer of the State by certain holders of the Special Tax Bonds, and report some line of action in connection with the same. Adopted.

Mr Todd moved that the Senate adjourn until to-morrow 12 o'clock. Adopted.

HOUSE OF REPRESENTATIVES.

At 12 m. Mr. Speaker Robenson called the House to order.

The Clerk was ordered to call the roll and the following gentlemen answered to their names:

Messrs. Abbott, Anderson, of Davie, Anderson, of Clay, Bean, Blackwell, Blythe, Bowe, Brown, of Davidson, Bryson, of Jackson, Bryan, of Pitt, Bryan, of Sampson, Bryan, of Alleghany, Brooks, Bullard, Bunn, Byrd, Carter, Cobb, Corson, Darden, Dudley, Ellison, Flether, Foster, Freeman, Gant, Gilmer, Godfrey, Gorman, Gudger, Gwyther, Hampton, Hughes, Haynes, Hinnant, Houston, Johnston, Jones, of Caldwell, Jones, of Camden, Jones, of Orange, Jones, of Tyrrell, Joyner, Jordan, Lindsay, Lloyd, Luckey, Marler, Maxwell, McLaurin, McNeill, Michael, Mizell, Outlaw, Perry, of Wake, Preston, Reid, of Mecklenburg, Reid, of Randolph, Rhodes, Shaw, Sharp, Shinn, of Iredell, Shackelford, Stowe, Todd, Trivett, Turner, Warlick, Waddill, Watson, Webb, Winslow, Wiley, Whitmire, Wheeler, Whisnant, Woodhouse.

A message was ordered to be sent to the Senate, notifying that body of the organization of the House and of its readiness to proceed with the transaction of business.

An indefinite leave of absence was granted to Mr. Heaton, of New Hanover, on account of sickness.

A message was received from the Senate announcing that that body had organized and were ready for the transaction of business.

On motion of Mr. Brown, of Davidson, a message was sent to the Senate raising a joint committee, three on the part of the House and two on the part Senate, to wait on his Excellency, the Governor, informing him of the organization of the two Houses and their readiness to receive any communication he might see fit to make.

The speaker appointed as said committee, on the part of the House, Messrs. Brown, of Davidson, Carter and Gudger.

On motion of Mr. Dudley, the House adjourned until to-morow at 11 a. m.

— The bark Canada, with a cargo of sawed lumber, from Montreal for South America, took fire Thursday night, and was burned to the water's edge. The captain and crew, with the exception of the cook were saved.

— The French Canadians are returning in large numbers from the States to Canada. The smallpox is steadily on the increase at Montreal, and complaint is made that the city authorities are not taking steps to prevent its extending into an epidemic.

— In the Bazaine court-martial, M. Blondin, director of the Bank of France in Metz during the siege, testified that Gen. Coffinieres urged him to conceal the quantity of gold on the 20th of August, saying that the Prussians would enter the city in a few days.

An extremely fastidious newspaper printed in N. Y. compares the panic of the Stock Exchange to the "brute terror by which a horse is devoured who has a pair of broken shafts hanging to his heels, or a dog flying from a tin saucepan attached to his tail." Bad for the horse and bad for the dog. The tin saucepan seems to have rather the best of this complicated situation, notwithstanding the horse and the dog may be "a leetle ahead."

EDITORIAL BUDGET.

— The United States steamships Omaha and Richmond were in Valparaiso on the 17th of October.

— The steamer Anacosta reports about five hundred Newfoundlanders on the island, only one hundred of whom are supplied with provisions.

— On account of the falling off of travel many of the Brooklyn Horse Car Companies have ordered the reduction of wages from the president to the stablemen. The pay of conductors and drivers has been reduced twenty-five cents per day.

— Mail advices report that the Mexican national troops, under Gen. Keus, are occupying Monterey and Saltillo to maintain order. Gen. Zepedia, who was deposed as Governor of Coahuila, is again at Saltillo, and has organized several hundred troops with which to oppose the forces of the Congress of the State, which deposed him and recog-Salas as Governor.

— A special dispatch from Aden to the London *Daily Telegraph*, says that an encounter took place recently in the district of El-Asha, between bodies of Arabs and Turks, in which 300 of the former and 70 of the latter were killed and wounded. It is probable that in consequence of this occurrence the British force at Aden will interfere and prevent encroachments by the Turks upon the territory of the surrounding tribes.

— Captain W. B. Cushing, of the United States steamer Wyoming, now at Aspinwall, has taken possession of the steamship Colonel Ariza, late General Sherman, for using illegal ship papers and sailing under the flag of Honduras, while it is proved she has never changed her nationality, and is still legally an American vessel, since the only legal papers possessed by her were and are an American register and other papers. This vessel, it will be remembered, is the same that was sold to a native of Guatemala called Palacios, and after shipping materials of war and some filibusters, was cleared by the American Consul at Aspinwall, and has ever since been actually employed making war on the republics of Guatemala and Honduras. Senor Palacios and his party having failed to make a good footing in either of these republics, came back to Aspinwall on the 3d inst., and presents the General Sherman under another name, and flying the Honduras flag.

THE SUN.

—:o:—

WEEKLY, SEMI-WEEKLY, AND DAILY.

THE WEEKLY SUN is too widely known to require any extended recommendation, but the reasons which have already given it fifty thousand subscribers, and which will, we hope, give it many thousands more are briefly as follows,

It is a first rate newspaper. All the news of the day will be found in it, condensed when unimportant, at full length when of moment, and always presented in a clear, intelligible, and interesting manner.

It is a first rate family paper, full of entertaining and instructive reading of every kind, but containing nothing that can offend the most delicate and scrupulous taste.

It is a first rate story paper. The best tales and romances of current literature are carefully selected and legibly printed in its pages.

It is a first rate agricultural paper. The most fresh and instructive articles on agricultural topics regularly appear in this department.

It is an independent political paper, belonging to no party and wearing no color.—It fights for principle, and for the election of the best men to office. It especially devotes its energies to the exposure of the great corruptions that now weaken and disgrace our country and threaten to undermine republican institutions altogether. It has no fear of knaves, and asks no favors from their supporters.

It reports the fashions for the ladies and the markets for the men, especially the cattle markets, to which it pays particular attention.

Finally, it is the cheapest paper pulished. One dollar a year will secure it for any subscriber. It is not necessary to get up a club in order to have THE WEEKLY SUN at this rate. Any one who sends a single dollar will get the paper for a year.

We have no traveling agents.

THE WEEKLY SUN.—Eight pages, fifty six columns. Only $1 00 a year. No discounts from this rule.

THE SEMI-WEEKLY SUN.—Same size as the Daily Sun. $2 00 a pear. A discount of 20 per cent. to clubs of 10 or over.

THE DAILY SUN.—A large four page newspaper of twenty eight columns. Daily circulation over 120,000. All the news for 2 cents. Subscription price 50 cents a month, or $6 00 a year. To clubs of 10 or over, a discount of 20 per cent. Address,

EFFECTS of panic tremendous: Tumble in prices at

S. HANSTEIN & Co's
New York House,
tf 15 Market st.

WE publish the various reports in regards to the man-of-war being off the coast, only as rumors, and do not vouch for their correctness.

CLOTHING is down, money being scarce, we are offering our entire stock of clothing, boots and shoes at suspension prices.

S. HANSTEIN & Co's
New York House,
tf 15 Market st.

"MILK IN THE COCOANUT."—It is the opinion of knowing ones that the vessels which are laying off the Masonboro' coast are the U. S. Coast Revenue Cutter Colfax, and the flagship Worcester which sailed from Fortress Monroe a few days ago for Santiago. They are of the opinion that the Colfax fired a blank cartridge at the schooner to make her "heave too," to see if she was a legitimate coaster. This no doubt is the facts in the case, and will account for the "milk in the cocoanut."

OWING to the late panic we will sell until January 1st, our entire stock at 25 per cent. less than New York cost.

S. HANSTEIN & Co's
New York House,
tf 15 Market st.

MORE RUMORS—WAR COMMENCED (?)—BRING OUT YOUR TOOTHPICKS.—We learn from a resident of Masonboro' Sound that there has been two large vessels laying off the Inlet for the past two or three days, and that yesterday one of the war ships headed into shore to head off a small schooner which was sailing up the coast close under the shore, and when the belligerent ship came in as near as practicable she fired at the schooner, squared off, and returned to her companion. The little vessel sailed on, apparently not heeding the missile that had been hurled at her.

HIGHLY SENSATIONAL.—It is a current report on our streets that three Spanish men-of-war on yesterday chased an American schooner into shoal water opposite Masonboro' Sound, and that it was their intention to capture the schooner, fill her with men, and carry them to Cuba to fight. We are highly amused at the grave and earnest manner in which the rumor is repeated by credulous ones. There are a few wags in our city who delight in imposing upon the credulity of the less enlightened of our population, and who have nothing else to do than to create excitement for their own personal gratification.

A man in Duluth is so mean that he quarrels with his wife about the politics of the paper she expands her bustle with.

THE TOWN CRIER.

— Cold.
— Gold is 109¼.
— Cuban affairs exciting.
— Hernandez is coming!
— Let us have the water works.
— Two more harpers in the city.
— Tremains in Raleigh to-night.
— Capt. Morrison is still improving.
— Quail on toast is now the correct thing.
— Have you laid in your winter's coal yet?
— Business is brightening up a little and we rejoice.
— Seven or eight flakes of snow fell this afternoon.
— The cold nights and raw chilly days are good—for colds.
— Good servants command high wages, but poor ones are dear at any price.
— The Legislators were greeted with snow in Raleigh. We don't want any.
— Weill sells comforters and blankets which are very welcome these cold nights.
— If you have any children and don't let them go to dancing school, you will have but little peace.
— Wonder if we will have a skating rink this winter. Where are your rollers, "Jimmie" Brown?
— The Legislature was very prompt in meeting. A quorum was present at the first call of the roll.
— The annual report of the Insane Asylum at Raleigh is received. It contains valuable information.

NOTICE.—There is to be a meeting of the "*Farmers Council* of Virginia and North Carolina," at Petersburg, Va., Nov. 25th, 1873. I am authorized to superintend the election of delegates from this city and county. All interested are requested to meet at the Court House in Wilmington, Friday, November 21st, at 7:30 P. M.

GEO. Z. FRENCH.

BLACK CROOK.—As will be seen by our advertising columns, we are to have the veritable Black Crook at the Opera House next week, Monday, Tuesday and Wednesday evenings. It is represented as being a full company, with a fine orchestra and brass band, with the genuine original Hernandez and his guitar. It is now over two years since he was in this city, but he has lost none of his comicalities or supleness, and he is, in fact, a host in himself. The troupe is now in Norfolk and will go from thence to Richmond, and appear here net Monday.

EXLPOSION.—This morning about 5 o'clock the steam pipe leading from the dome to the donkey engine of the steam tug Alpha bursted, letting the hot water and steam down in the hold upon the fireman, Neb Collins, who was at the time of the explosion greasing the excentrics of the engine, scalding his legs and arms very badly. At the time of the explosion there was only twenty pounds of steam on, the engineer was just outside of the engine room and escaped unhurt. Collins was carried to his home, where his injuries were examined and found to be very severe, but in no ways dangerous.

ORPHAN ASYLUM.—Pursuant to a call published in the daily papers for a meeting of the ladies of our city, at the Y. M. C. A. Hall, a goodly number of both old and young of our fair sex assembled this morning. The object of the meeting, aid for the Oxford Orphan Asylum, was explained, and a plan settled upon by which a handsome compensation, for the small amount of work done by each lady, will be guaranteed. All moneys and articles of clothing raised in this way will be forwarded to the Asylum at as early a date as practicable. We are more than pleased to see that our ladies have taken the matter in hand, as it will insure the comfort of the parentless little ones.

THE Associate of the Raleigh *Sentinel*, who by the by, is a very talented writer, thinks we are highly sensitive over his scoldings of the State Press for clipping *Sentinel* items. This is a mistake. The POST is always good natured and never at all "sensitive." As our brother has had "sixteen years" experience in newspapering, and has not yet starved to death, we think he has earned the title of censor over little fellows like us who have only edited daily papers but six years. We congratulate him on his "philosophic calmness" and beg him to keep preaching it.

WASHINGTON, D. C., Nov. 17, 1873.

OUR COMING WAR WITH SPAIN—*Gentlemen:* Anticipating early trouble in Spain, and having a vast number of men to supply with winter clothing, we instructed our State agent to find out where the cheapest and best clothing could be found, there being so many in your city who claim to sell at cost. We having to-day received a telegram stating that your house could do better for us than any other, you will please accept his orders and oblige,

Yours, &c.,
RIP VAN WINKLE, President.
By Maxamilin Dobin, Private Sec'y.

To Messrs. David & Weil,
No. 27 Market Street.

Facts will tell, and it is a positive fact that David & Weil are selling more clothing than all the other houses together, because they are really selling at prime cost. tf

STATE ITEMS.

The *Sentinel* says that the tobacco factories of Durham suspended work last week.

A U. S. soldier while in a state of drunkenness, was frozen to death in Raleigh on Monday night.

The *News* says that Ramsay, the temperance lecturer, is meeting with much success in his tour through the State in the interest of the Good Templars.

Wadesboro brags on having had births in that place at the rate of four in forty-eight hours. We could tell of several at the rate of one an hour.

The Sampson county Fair begins one week from to-day, the 26th inst., and they are to have a five mile walking match for a purse and the championship.

The *News* gives nearly a column of extracts from the very able address of Lieut. Gov. Brogden to the Senate on its assembling in its Legislative capacity on Monday.

The Relief Committee of the Y. M. C. A., of Raleigh has gone nobly to work to raise funds whereby to afford help to the needy of that city during the coming cold season.

The Tremaines will again delight the good people of Raleigh to-night. If they have as many friends there as they have in Wilmington, they will receive a warm reception.

The *Sentinel* learns that on Sunday night the condition of Judge Boyden was such as to prepare his family and friends for the announcement of his death at any moment.

Jennie Harris, colored, one of the few left of Gen. Washington's nurses died in Cabarrus county last week, aged 104 years. Jennie died prematurely from the excessive use of tobacco.

Raleigh is putting on airs—cold ones too, and is bragging about the "beautiful snow" they had there on Monday. The POST wants to know if that was the reason why the *News* failed us on that day.

The Legislature of this State met in regular session in Raleigh on Monday at noon. The presiding officers and a quorum of both branches were present, thirty-two Senators and seventy-eight Representatives answering to the roll call.

The *News* speaking of a delightful hop that came off in Raleigh on Friday night says, speaking of the young ladies, many of whom have been recently married, that there as good fish in the sea as ever were caught. The man ought to be ashamed of himself for making such a *fishy* allusion, and he certainly must be a *scaly* fellow.

[COMMUNICATED.]

Civil Rights Club.

This wide awake political organization met at Produce Association Hall to take action in regard to the State Convention.

The Vice-President, Duncan Holmes, occupied the chair. The interest of the meeting was kept alive by a keen discussion of the motives and policy of the Honorary Delegates, and facts were presented to show their false position in a colored convention clamoring for a principle they despise. Especially was this the case with some of our present political masters.

Mr. Smythe, of the Freedmans' bank, made a powerful appeal to his race to stand up in vindication of their claims upon the State and nation, as free, full citizens, of a free country.

Hon. Isham Sweat spoke of the degraded practices of the selfish politician of the times, and with telling force pictured the demoralization of our country through the influences set at work by corrupt men.

Speeches were made by R. H. Leak, W. H. Moore, Esq., A. A. Dudley, Wm. P. Cutlar, and others.

A resolution was passed rescinding the action at the City Hall on Friday evening, after which the meeting adjourned to meet at the same place on Thursday evening.

R. H. LEAK, Sec'y.

The Tweed jury rendered a verdict of guilty on all the counts. The defence took exception to any except a general verdict on all the counts. The defence moved an arrest of judgment on the ground of want of jurisdiction, and that the act of 1870, creating a board of audit, was repealed by the act of 1873.—The court replied that it was useless to waste time, as the court was convinced on these points. The defence remonstrated. Judge Davis replied that he had no intention to wound the feelings of the counsel for the defence. The defence said that the answers by the prosecution to the points made by the defence were humiliating, the prosecution calling them trifling.

A lot of minstrels went to a town not far away and advertised to give a performance for "the benefit of the poor, tickets reduced to ten cents." The hall was crammed full. The next morning a committee for the poor called upon the treasurer of the concern for the amount said benefit had netted. The treasurer expressed astonishment at the demand. "I thought," said the chairman of the committee, "you advertised this concert for the benifit of the poor." Replied the treasurer; "Didn't we put the tickets down to ten cents, so that the poor could all come?" The committee vanished.

PROSPECTUS.

THE EVENING POST.

J. C. MANN,

EDITOR & PROPRIETOR.

Published every evening, except Sunday, at

Five Dollars per Annum.

The POST is designed to reach all classes of citizens, and its subscription price is therefore placed so low as to be within the reach of all. It contains the

LATEST NEWS,

up to the time of going to press,

TELEGRAPHIC,

BY MAIL,

COMMERCIAL

AND LOCAL.

It should be in the hands of every man who desires to know what has transpired during the day, and, as it aims to give

RELIABLE INTELLIGENCE,

its publisher hopes it will prove a welcome guest in many families.

THE POST

is sprightly without being sensational, and it carefully excludes all objectionable incidents and reports calculated to offend the sensibilities of the most fastidious. As an

Advertising Medium

it claims to be first class. It has a good and constantly increasing circulation, and is read by almost every business man in the city. Politically the POST is

UNSWERVINGLY REPUBLICAN.

Its editor having been a consistent member of that party since 1855, through its vicisitudes and triumphs, he claims to speak advisedly when advocating its principles. He is not, however an "extremist," and accords to others what he claims for himself, the right of free thought and of free speech.

THE ADVERTISING RATES of the POST, like its subscription price, are at liberal and at living prices, as an examination of them will show, and it bespeaks a share of public patronage.

THE EVENING POST

is closely identified with the local welfare of the Cape Fear region, and the believers in progress, whether

EDUCATIONAL,

AGRICULTURAL,

MECHANICAL, or

COMMERCIAL,

will find an enthusiastic ally in THE POST.

THE POST

is opposed to monopolies, but in favor of internal improvements, and a firm believer in the patronage and support of home enterprises and institutions.
